CODY CARR'S HUNTING ADVENTURES, L.L.C.

www.HuntWithCody.com

Hello from Montana! First off I want to thank all of the clients, for without you we would not be able to do what we love. I also want to thank all of the guides for their hard work scouting and time spent away from their families to insure a great season. The guides, cooks and my family are the heart of this operation without them none of this would be possible. Our spring bear season was the best bear season we have ever had. As you can see in the harvest report we harvested some monster bears this year. Think of a spring bear hunt for your next hunting trip. Over the summer we also scouted more than we ever had, it was very rewarding for the fall hunting season. This summer we also purchased a second lodge to allow easier access to the far end of our hunting area. The new lodge will be a great addition to your hunt when hunting our new area. Throughout archery season we called in a lot of enormous bulls. When you go out with a bow & arrow and you have bulls right in your face, what a rush! Both archery and rifle seasons we had horrible weather to hunt in, but the hard scouting paid off. During lion season we also harvested some big cats. We work equally hard during the hunts and in the off season to ensure the quality of your trip. Please contact us as soon as possible to book your hunt as we are filling up fast. Also remember your hunt is not booked until we receive your deposit. Thank you for choosing us!
